

Summary of Benefits – Shareholders May 2025

The Firm's benefits are subject to the specific provisions of the plan, insurance policies and other documents which set forth the Firm's benefits in greater detail. Professional Benefits

Bar Association Expenses:

- Admission to Bar Fees
- **Bar Association Memberships** – It has been a long-standing policy of the Firm to pay for memberships to the American, New Jersey, Pennsylvania, New York, and County Bar Associations for all of our lawyers. The Firm has and continues to encourage active participation in these Bar Associations. It is recognized, however, that a number of us are members of various Bar Associations in which we neither participate nor receive any useful professional benefits. This may be particularly true for the ABA and the State Bar Associations. For this reason, the Firm, while continuing to urge active Bar involvement, will limit payment of membership fees to those associations in which you actively participate or receive useful benefits such as legal publications.

We ask that each of you consider this policy when deciding whether to renew a Bar membership. While we will not at this time be asking for written justification for reimbursement, we will periodically be reviewing the memberships of all attorneys.

Again, this policy is not meant to limit participation, but rather to encourage and insure meaningful participation in those Bar associations which you choose to join.
