

WELLNESS PROGRAM

REMEMBER! Archer offers biometric screenings at the Health Fair annually!

Archer & Greiner offers a wellness incentive program for employees who are enrolled in Archer's medical plans. Employees who receive their annual physical and routine bloodwork during the May 1, 2025 benefits plan year will be eligible for wellness savings during the May 1, 2026 benefits plan year. Your wellness savings will be applied to your per-pay medical/prescription drug contributions.

You must receive BOTH your annual physical and routine bloodwork between May 1, 2025, and April 30, 2026 to be eligible for wellness savings.

To locate an in-network provider close to you visit www.aetna.com/dsepublic/#/mymeritain. Please note, you must select Aetna Choice POS II (Open Access) from the list of plans. At your annual physical, ask your doctor to order routine bloodwork. Your doctor will write you a lab slip.

Your doctor's office may be able to accommodate your routine bloodwork while at your appointment. If not, you can locate an in-network facility by visiting www.aetna.com/dsepublic/#/mymeritain.

SCHEDULE AN APPOINTMENT WITH QUEST OR LABCORP

Quest Diagnostics and LabCorp are two in-network facilities where you can obtain your routine bloodwork. Simply schedule an appointment and bring your lab slip from your provider.

Quest Diagnostics

- Visit www.questdiagnostics.com, scroll down, and click 'Make an Appointment'
- Sign in or create an account, if you are a new user, or click 'Continue As a Guest'
- Follow the onscreen instructions to complete your appointment details

LabCorp

- Visit www.labcorp.com and click 'Find a Lab'
- Enter your zip code to find a lab located near you

COLORECTAL CANCER SCREENING

If you are due for a colorectal cancer screening, don't forget that it's covered 100% if you are enrolled in one of Archer's medical plans. This preventive screening is crucial for detecting potential issues early. Check with your healthcare provider to schedule your screening if applicable.
