- **Short-Term Disability Policy** – In addition to any state and/or plan-sponsored disability plan, Archer provides short-term disability if you are disabled and unable to work. A doctor's written medical certificate explaining the nature and cause of the disability which prevents a Non-Exempt Employee from working is required for payment under this policy. You must be employed by Archer for at least one year to be eligible for this benefit.

Non-Exempt Employees will receive 100% of their weekly gross pay (non-overtime), less any short-term disability payments received from the State of New Jersey, State of New York, Lincoln Financial (for PA and DE employees only), or Social Security payments, for up to twelve weeks of disability.

Employees who have a need to be out of the office for a short-term related disability must contact the Human Resources Manager to make arrangements and complete the appropriate paperwork. It is required that employees returning from short-term disability notify the Human Resources Manager at least one week in advance regarding their return and submit a Return to Work note.

Employees do not accrue sick, vacation or personal time while on disability leave.
